Modeled and encouraged occupation-based practice	Agree	▼
Modeled and encouraged client-centered practice	Agree	▼
Modeled and encouraged evidence-based practice	Agree	▼

Frequency of meetings/types of meetings with supervisor (value/frequency):

Casual daily meetings

General comments on supervision:

Katie, was very knowledgeable and I appreciate her share some knowledge with me. I would have liked to have gotten more constructive feedback prior to midterm because some areas of concern had not previously been brought to my attention. Overall, my level of supervision was appropriate.
